Dear Kevin Ryan:

I am a registered voter and I'm writing regarding the General Assembly Raised Bill No. 1094 January Session, 2011 LCO No. 3773, AN ACT BANNING LARGE CAPACITY AMMUNITION MAGAZINES.

This is an unfair bill that affects law abiding citizens and sportsmen like myself, who have purchased handguns that allow for higher capacity magazines. This bill targets the wrong individuals and does nothing to help deter crime. If you do your homework and research districts that have enacted laws such as these, you'll realize they have not had an effect on the deterrent of illegal gun crimes. This bill also offers no compensation for the mandatory surrender of high capacity magazines that I have purchased legally. Please be rational in your decision of this bill and realize that it is dysfunctional in what it is trying to accomplish

Thank you;

Brendan McLaughlin
